### Warranty

EXTPCs offers a 2-year parts and labor warranty(Special Editions only have a 1-year parts warranty) We will always cover manufacturer defects, shipping damage, and mistakes caused by the EXT PCs team. We don't cover mistakes made by the end-user or third parties void the warranty. We fix instead of replacing or refunding in most instances. If you receive a replacement it may be BSTOCK. The warranty is void if any component is changed. We do not cover Keyboard, Mice, and other accessories but the accessory manufacturer may cover them. Sending your computer to a repair shop, or trying to repair it yourself automatically voids to warranty. We are not obligated to provide any warranty of any kind on third-party marketplaces except for Jawa. gg where we provide a 7-day warranty and a return window. On Jawa, all the above terms apply.
